

Pre-Kindergarten

OUR PREKINDERGARTEN

program uses a dynamic curriculum called *Let's Begin with the Letter People* and its STEM supplement, *DIG: Develop. Inspire. Grow.* These well-known and exciting programs facilitate explicit instruction in literacy, reading, language arts, science, math, and social studies. Most importantly, our pre-k students continue to play, experiment, explore, and create in a secure but challenging environment. At the end of the year, they are thrilled about school and well prepared to enter kindergarten with confidence and the essential skills for success.
