This product was developed under grant number 1H79SM061290 from the Substance Abuse and Mental Health Services Administration (SAMHSA), U.S. Department of Health and Human Services (HHS). The views, policies and opinions expressed are those of the authors and do not necessarily reflect those of SAMHSA or HHS.

Our early childhood mental health programs are designed to address the social and emotional needs of children from birth to five years old who are in family child care, child care centers or informal child care settings throughout Prince George's County. Our programs promote positive social and emotional development, which is a key to school readiness.

The service is FREE and includes:

- Telephone consultations for parents and child care providers
- Site visits by project staff to conduct observations
- Program assessment and recommendations
- Referral of children to community services, if needed
- Workshops for parents and providers
- Technical assistance services as needed

For additional information
about our services **please call**
